New Main Forum area Moderator

Posted by crystalcross - 22 May 2011 23:50

I just want to take a moment to congratulate EVEREX5 on the nomination to the Forum Moderator for the Main forum areas. This includes the Welcome, Announcements, General and Discussion forums.

Everex5 has already taken it on himself to produce a regular feature on this system, and now is taking on the additional duties of forum moderation for those forums. Thank you very much Everex5 for your great work on this site.
