

## Home Ghost Box Session

Posted by capot1948 - 05 Aug 2012 23:38

---

Below is a link to the results of a session in our house last night with my P-SB7 with FM mode, 100ms scanning in reverse. Feedback would be really appreciated on these as this is the first time we've used this and will use it again on our return trip to the Lexington next month.
