INITIAL REPORT:

Date to be there: April 6, 2013, Saturday Time to be there: 1900 Hours. Contact Person: Brent George. Address: Sacramento, CA

Activity: Footstep noises heard. Loud thumps on roof - not animals. Something hits the shower door sound. Pounding fist on wall sound. Something pulls Brent's girlfriend's hair. Occupants sometimes feel hands on their shoulders. Apartment complex built in 1970. Sometimes they hear something that sounds like 200 lbs falling on their roof and then the sound of something scurrying away.

Sidenote: The occupants may be getting the 'cup runneth over' effect from a neighboring apartment that is extremely haunted. The occupant named Brent will check with his neighbor to see if she wants her apartment investigated too. CANCELED: Brittani Lantz, Psychic Interview. 2pm: Attending Birthday Party for April King - daughter of Sally Howard.

Before I went to this investigation, I stopped at April King's 34th Birthday Party! There was chicken and beef tacos, chicken, beef & cheese nachos, adult beverages, sodas, birthday cake, ice cream. It was nice seeing Sally Howard, April King, Donna Pepper-Falero, Ashley and many others! My birthday gift to

April was scented candles! After this wonderful birthday party and meeting new friends, I headed over to the investigation. Note: Sally Howard's home was once featured on My Ghost Story - Biography Channel! Now, let's do a Roll Call for the investigators that showed up!

HPI Paranormal Investigators / HPI La Riviera Rangers (Roll Call): Paul Dale Roberts - HPI Owner; Larry Baty; Shari Aresta - Lead Investigator - EVP Queen; Deanna Bailey - Orb Princess - Lead Investigator; Jon Koyasako - Security - Lead Investigator; Sharon Sampsel - Psychic Investigator; Patricia Rivas - Psychic Investigator; Nancy Louise Garcia - Intuitive Coach; Monica Marie Pleinis - Spiritual Healer; Becky Cardenas - Lead Investigator - Spanish Interpreter; Mark Tatum - Equipment Technician; Alaceo 'Big Al' Rosatano - Back Up Videographer - Lead Investigator; Kara Koyasako - Spiritual Songstress; Wendy Maxam - Videographer.

The two leads are Big Al and Deanna. Big Al leads Team Rachel. Deanna leads Team Ally. Since I had 5 leads tonight, I had the leads choose a number. The numbers closest to the number I selected, became the leads. On Big Al's team are Becky, Monica, Sharon, Jon and Larry. Deanna has on her team: Shari, Mark, Nancy, Patricia and Kara. Wendy is a floater.

Brent George tells us that he has felt hands on his shoulders, heard footsteps on the roof. Brent has seen a fast moving shadow go across the hall. Nancy, Sharon and Patricia all came up with great information, since all three have psychic abilities. Watch the YouTube video to see exactly who said what, but the information I gathered from the psychics are as follows: 1. There is a gentle giant of man here, he is attached to the apartment grounds. There is also a female spirit here. There are also children spirits that seem to follow Brent. Come to find out Brent was once a school bus driver and spirit children may gravitate towards him.

FIRST INVESTIGATIVE EVIDENCE BRIEFING:

Team Ally captured K2 hits, large distinct designer orb behind Deanna's back. Another orb photo was captured near Deanna. Shari captured an EVP that sounds like a growl. When using the dowsing rods, the dowsing rods indicate the children were being mischievous and that they did the growl. The growl EVP is conclusive, the dowsing rods are not evidence, only a tool that we use. One of the psychics was getting a 's' name. One of the investigators was feeling strong energy around them. With Team Rachel, they captured 2 EVPs in the back bedroom. One EVP sounds like children coughing two times. Then they got a clear male 'no' EVP and later captured a clear female 'no' EVP. They captured the EVPs on two recorders. Larry captured a strange female 'Uhhhhhhh' EVP. Now here is the clincher. Sharon felt the entity wanted Becky, the Spanish Interpreter into the bedroom. When Becky started speaking Spanish, we get a Class A EVP in which the entity identifies himself as Bob Flores. The Bob Flores EVP is very clear. When Big Al asks if the entity is mad that US beat Mexico, the entity says 'no'. We capture a 'wassup' EVP.

SECOND INVESTIGATIVE EVIDENCE BRIEFING:

Deanna states that the door knob jiggled and 6 investigators witnessed the jiggle. Patricia in her mind heard a 'yes' when someone asked if Bob Flores was here. Kara felt something brushing her hair. Shari felt a heavy presence next to her, on the bed, it felt like someone was sitting next to her, Patricia, Sharon & Kara also felt something sit next to them. Getting a lot of K2 hits and some orb shots. The 3rd round, we are all gathering around the living room and utilizing Mark's Spirit Box and Rem-Pod. Monica captured what look like faces on Brent's leg. Monica also captured what looks like a little boy peeking around the wall. These photos will have to be analyzed further.

THIRD INVESTIGATIVE EVIDENCE BRIEFING:

The name Becky is heard on the Spirit Box, when asking the entity to say 'Becky'. I asked the child spirit how old he or she was and we all heard a distinct 'eleven'. Inconclusive. It appears we may caught several unintelligible EVPs during our seance session in the living room.

THE REVEAL:

With the EVPs that we captured, I would have to say that there is definitely a presence in this apartment. This apartment has been around since the 1970s, in fact I have history with this apartment complex, back in 1977, I dated a girl named Helen Lang at this complex. Many investigators felt cold spots throughout this apartment.

BIG THANKS!To Brent George for the coffee and tea. Becky for the Rockstars, sodas, salami, variety of chips. Shari for the home made chocolate chip cookies.
