Hmm, where to begin? The video looks more like a paradrama. I realize they want people to watch the video; but it's more like the classic "be afraid, be very afraid" or "who, what the $%&@ was that?" kind of thing.

Show me something without the drama and educate me. Leave the drama/hypnosis at the front door. Just my 2 cents.

I didn't really get it either, no offense to anyone. The music or how it says something about necromancy and just shows a guy talking. I'm with Steven. Educate me. I want to know the history of this place without all the hoopla.
