_____

I'm coming

Story of the home is that 2 years ago a man was found murdered after he broke into his girlfriends house to attack her, supposedly he stabbed himself in the chest 3 times.

I will attach my clearest EVP's through out this thread.. I have about half a dozen from this 3.5 hour investigation)

you are correct, It is in North Western Virginia. what is an odd coincidence is his numerical home address in Front Royal,Va was 941 as well.

STABBING DEATH: Donald G. Beaty, of Front Royal, stabs himself to death at a Strasburg home during a struggle with a town police officer who had been called to investigate a break-in.(still dont see how you stab yourself mutliple times in a struggle with an office, i can still see once, two maybe but unlikely but 3? just seems weird,

When I was last there, I read the article outloud, and asked if he knoew he was dead, thats when I got the "I'm still alive EVP"

I also got one that says "nothing is right here" I tried to google to see if he was on myspace or google , so I can see what his face looks like, I already have a visual in my head.
