Hey guys, Im Kerry, new to this site and just had a question. Does anyone know of a paranormal team here in upstate NY? Ive been into the paranormal since i was 12, first experience with the outta the norm when i was 13. Ive been able to see, talk, feel, etc for the last 20 yrs and would like to put it to use. Any comments would be great....thanks so much....

Welcome aboard! There are many in upstate New York.

Here's just one.

But there are many more. A simple Google search will yield quite a few.

Or if you wish to start your own, there's many talented folks on here who would be happy to lend a hand.

We really have a great bunch of members, most of which are ready to help.

The site was great, thanks for sending the link....unfortunately i live further north. I live on the border to Montreal Canada, yeah, im way way way up north. I have done some searches in my city even and to no avail, the ones i have contacted are no longer legit, so wanted to get in touch with more people from the area...

I just started a team and website. One of the members is in upstate NY. I will be there soon to do investigations with her if you are interested in going. Also if you can travel we will be doing stuff all over.
