ghost radar app

Posted by bebenurse - 05 Jun 2011 22:30

Hi all! What's your thoughts on the ghost radar apps? So far its been spot on for us!

The Ghost Radar app is not real. If you pay attention to the dots that show up it's always in the exact same spots. It's just a toy app. Not for serious use and I wouldn't recommend it unless you're looking for a laugh.

As I mentioned before I somewhat question the validity of some of the apps and equipment available. But then again sometimes they do show results.
