_____

Thank you! Had a great thanksgiving and got a lot done this evening as well. Upgraded the forums, fixed some bugs, added a new forum look...

I'm seeing that everyone is starting to wake up. The Tryptophan must be wearing off!

Yea, that's probably half the issue, LOL. I fell asleep about 2 pm. My son woke me at 3 letting me know he was heading to work. I officiall woke up though at 6 pm. We ate early since he had to work. LOL

I've been seeing some of your handiwork. Nice so far with what I've seen!

Hugs n love to you n Maggie.
