

Carney Cemetery - June 2011

Posted by SVPR08 - 13 Nov 2011 05:26

Our team caught this on camera during an EVP session in a very rural cemetery. There were no flashlights in use, no moonlight, and no one was smoking.

Can you upload the whole picture to the Photo album areas. Would love to see EXIF data, and the entire picture. Looks great from just this chunk.
